Dear Mr. Bown:

This letter is to inform you that the Bureau of Land Management (BLM), Salt Lake Field Office concurs with the Utah Division of Oil, Gas and Mining (DOGM), that no further reclamation is needed at the Enterprise Millsite, serialized UTU-72297, and the Fisher Creek Notice serialized UTU-72287, and that the reclamation bonds being held by the DOGM for these two operations may be returned to you. The BLM has closed both of these case files and if you plan to conduct any mining activities at either of these locations in the future, you would need to submit the proper information to this office and receive authorization before proceeding.

If you have any questions, or require additional information, please contact Larry Garahana of my staff at (801) 977-4371.

Sincerely,

For [Signature]
